

Name of Principle Investigator: Marty Christofferson

Project Title: Student Success and Affordability through the use of Open Educational Courses

1. Please consider the original timeline and deliverable targets. How is your project progressing compared with the original estimates?

The project has progressed successfully on schedule along with deliverable targets based on the original timeline estimates. The most recent deliverable was the SUNY OER Colloquium held at TC3 on Friday, March 28th. The event was well-attended and we have received very positive feedback verbally from attendees. We will be tallying the comments and data from the feedback survey shortly.

2. How is spending progressing when compared with the original budget estimates?

Spending is on track with the original budget estimates.

3. Please provide feedback regarding your experience with the project execution. In particular, any issues or roadblocks you've encountered that may have been unexpected.

The project is being executed seamlessly and successfully. To date, there have not been any issues or problems.

4. What are your positive observations or pleasant surprises about your team's interaction or project process that might would be helpful to other PI's?

We have had nothing but positive and productive interaction with our team. We've had regular meetings to check in on timeline deliverables and everyone has been on track with their respective responsibilities. The team has been very enthusiastic.

5. Please describe any challenges you've encountered working with your project team that you've found solutions for that might be helpful to other PI's.

There have no challenges to date.
