

## **IITG Mid Year Project Report : Entry # 183**

### **Name of Principle Investigator:**

Paula Timoney, DNP

### **IITG Project Title (truncated)**

2014-Stony Brook-Timoney-Implementation of Team-Based Learning in an Asynchronous Distance Education Graduate Nursing Course

### **1) Please consider the original timeline and deliverable targets. How is your project progressing compared with the original estimates?**

Very well. The course has been revised to incorporate TBL into the curriculum. Students have been assigned to groups. The course will be released and the semester begins Jan. 26, 2015. Survey tools are being explored.

Six abstracts have been submitted for poster presentations. One has been presented at the National Neonatal Nurse Practitioner Symposium in Oct, 2014 in Clearwater Beach, FL. Another has been accepted: one at the National Team Based Learning Conference in March in St. Petersburg, FL. Two are pending; two more are to be submitted. Two were not accepted: by NONP and AACN Faculty Development Conference.

An article describing the implementation of the project is pending.

### **2) How is spending progressing when compared with the original budget estimates? (You may also choose to detail issues regarding access to funds in the next three questions).**

On schedule.

### **3) Please provide feedback regarding your experience with the project execution, in particular any issues or roadblocks you've encountered that may have been unexpected.**

None so far.

### **4) What are your positive observations or pleasant surprises about your team's interaction or project process that might would be helpful to other PI's?**

The project has generated much positive feedback at the poster presentations and in informal discussions with colleagues.

### **5) Please describe any challenges you've encountered working with your project team that you've found solutions for that might be helpful to other PI's.**

None so far.
