IITG Project Title

2014-Broome-Wade-MOOC Model

Have you applied for, or received additional funds? (choose all that apply):

- Have applied for additional IITG funds to extend this project

1st Choice:

Instructional Design

Instructional Design

- Online Education

2nd Choice:

Discipline Specific Pedagogy

Discipline Specific Pedagogy

- Workforce Development

3rd Choice:

No further selection

What recommendations would you make to scale-up or share your project more broadly (within an educational sector, or perhaps SUNY-wide)?

We propose development of a format of the Phase 1 MOOC that is compatible with Coursera's new on-demand platform, creating a companion Open Educational Resource (OER)/Open Textbook, and building and implementing bookend recruitment and referral web resources that connect with regional workforce structures.

If you would like to create a community of practice within the SUNY Learning Commons, please describe "members of your community" who would be most interested in your outcomes. Please be specific (e.g., math faculty, instructional designers, student services, registrars, administrators, accreditation or assessment specialists).

Instructional designers, health science faculty, workforce developers and planners.

Do you intend to create an ongoing "Community of Practice" within the SUNY Learning Commons to continue work and dialog regarding this project?

Unsure at this time

Overall, how successful was IITG in meeting your project goals? (You may elaborate on your response in the final question if not addressed elsewhere.)

Extremely successful

We could not have completed this project in this time frame without the assistance of IITG fundng.

Do you wish your current abstract to be used?

Yes
