Details Regarding the Budget Section

Budget Narrative*

Please upload a document describing how the funds will be utilized if awarded (1 page or less). Include details on how your campus will meet the 25% cost share for proposals more than \$15,000 up to \$30,000 and the 50% cost share for proposals more than \$30,000 up to \$60,000.

UPLOAD A FILE [2 MiB allowed]

Go to FAQ for Cost Share Info $= \begin{cases} \$0 - 15K = 0 \text{ Cost Share} \\ \$15 - 30K = 25\% \text{ Cost Share} \\ \$30 - 60K + = 50\% \text{ Cost Share} \end{cases}$

Funding Cap Exception

If previously indicated in the project summary that this proposal will exceed the \$60,000 funding cap, you must attach a separate justification document detailing why the IITG funds should be invested in this manner, and how it aligns with broader campus planning for another anticipated source of funds to create transformational impact.

UPLOAD A FILE [2 MiB allowed]

UPLOAD A FILE [2 MiB allowed]

General Funding Cap = \$60,000 but may go up to 100K with detailed Justification

Project Budget*

Download, complete, and upload the IITG Budget Worksheet.

The budget narrative will "tell the story," but please use the "Brief Rationale ter Line Item" (last column) to provide key words that clearly reinforce and connect the line expenditure to the narrative. Please note - you MUST use this budget worksheet. No substitutions will be accepted.

What if I need to make corrections to my grant application? Can I save my application during the process and return to it? Are there examples of successful past IITG proposals available to view?

Budget Questions

I don't deal with finances or purchasing very often. What do I need to know about IITG funds?

- Can an institution partner with a non-SUNY campus (or other entity)?
- Can we work with vendors outside of New York State? International?
- May I sub-contract a portion of my work to a vendor?
- When do funds need to be expended by?

Do I need to include any campus overhead in my budget? (e.g., Income Fund Reimbursable (IFR))

Do I need to run this proposal through my local campus Research Foundation office?

Do I need to follow state procurement guidelines and get competitive bids for any materials supporting my proposal?

Can this grant be used to fund faculty salary recovery (course buy-out) or other types of personnel expense (e.g., student assistance)?

Can a portion of my salary or my student's salary be considered "in-kind"?

May I budget funds from this grant for Summer Salary or extra service compensation (particularly in cases where reduced course load is not an option in my department)?

When is extra service applicable?

- Do we need to pay individuals at their state salary rate?
- Do we need to calculate benefits as part of personnel expenditures?

Are there any limits on how much can be spent on equipment vs. salary?

Can these funds be used to support travel?
